IN Demand Jobs

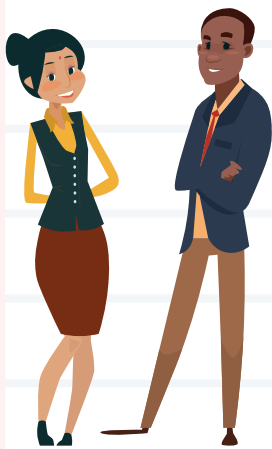

INDUSTRIAL ENGINEERS

Industrial Engineers find ways to eliminate wastefulness in production processes. They create efficient systems that integrate workers, machines, materials, information, and energy to make a product or provide a service.

PLUMBERS, PIPEFITTERS, & STEAMFITTERS

Plumbers, Pipefitters, & Steamfitters install a variety of pipes to move liquids and gasses. They install and repair piping fixtures and systems.

FINANCIAL MANAGERS

Financial Managers are responsible for the financial health of an organization. They create financial reports, direct investment activities, and develop plans for the long-term financial goals of their organization.

NURSE PRACTITIONERS

A Nurse Practitioner is an advanced practice nurse that helps with all aspects of patient care, including diagnosis, treatments, and consultations. They also conduct physicals, order tests, and serve as a patient's primary healthcare provider.

SOFTWARE DEVELOPERS

Software Developers analyze users' needs and then design, test, and develop software to meet those needs.
