Empowering Students

HELP US CHANGE THEIR WORLD

Junior Achievement of South Central PA

Volunteer & Funding Opportunities

Updated: 12/20/18
At Junior Achievement, we envision empowering students, and we invite you to be a part of it.

As a business-based nonprofit, we rely on the support of local businesses to achieve these milestones. Our $2 million budget is comprised of revenue from charitable contributions primarily from the business community and special event participation.

In the following pages, learn how your company can become involved with Junior Achievement.

Junior Achievement of South Central PA

www.jascpa.org
It’s no secret that one of the greatest challenges facing nonprofits is the difficulty of conveying the complexity of our work to donors and decision makers. Many barriers exist but one stands out—our isolation. Simply put, we have lacked the tools to meaningfully share our progress and results with each other and with the world.

Without these tools, donors end up using simplistic metrics—like overhead ratios—to make decisions about giving. At the same time, nonprofit leaders have a hard time identifying the best organizations to learn from and to collaborate with.

Junior Achievement of South Central PA is pleased to be rated by GuideStar as a Platinum level non-profit.

**HOW PLATINUM HELPS**
- Demonstrates that you are an organization that is focused on measuring your progress and results
- Gives potential funders information they crave, so it’s good for fundraising
- Shows your improvement and results year over year
- Provides a concrete alternative to donors evaluating you using your overhead ratio
Junior Achievement is the world's largest organization dedicated to educating students in grades K-12 about work readiness, financial literacy, and entrepreneurship, through experiential, hands-on programs. There are currently 103 offices in the United States. Each area operates independently with its own local board, governance, and financial support.

JA of South Central PA covers fourteen counties: Adams, Cumberland, Dauphin, Franklin, Juniata, Lancaster, Lebanon, Mifflin, Northumberland, Perry, Schuylkill, Snyder, Union, and York County. There are 95 school districts in the area with a student population of over 357,000 students.

Junior Achievement of South Central PA is a dynamic, growing organization with more than 8,000 volunteers and hundreds of corporate and individual sponsors. JA programs are for all students, Kindergarten to Grade 12, and will impact the lives of 100,000 students in South Central PA this school year. In terms of market share, 28% of all students participate in JA programs each year. The national average for JA USA is 9%.

Additionally, the efficiency of JA programs versus revenue is continually assessed to ensure a high return on investment for donors. For 2017-18, the average cost per student is approximately $20, ranking JASCPA in the top third of all JA offices. More than 87% of JA’s $2 million budget directly supports educational programs for 100,000 local students.
JA's purpose is:

"To inspire and prepare young people to succeed in a global economy."

The Reality of Today

▲ Every day, 7,000 students drop out of high school. Last year, 1.3 million failed to graduate. By 2020, 15 million more will join them. Overall, young people who drop out are twice as likely as graduates to be unemployed; three times as likely to live in poverty; eight times as likely to wind up in prison; and twice as likely to become the parent of a child who drops out of school. (JA USA. (2012) JA Graduation Pathways.)

▲ According to the Alliance for Excellent Education, Pennsylvania’s economy could be increased by $288 million annually if the high school graduation rate increased by just 5%.

▲ More than half (53%) of U.S. companies report a major challenge in recruiting non-managerial employees with the skills and knowledge needed. (Bridgeland, J., Milano, J., & Rosenblum, E. (2011). Across the great divide: Perspectives of CEOs and College Presidents on America’s higher education and skills gap.)

▲ Scores from the Programme for International Student Assessment (PISA) dropped again in 2015. The United States is now ranked 40th in math, 25th in science, and 24th in reading among 15-year olds worldwide.

▲ A technology survey shows that 63% of teens text to communicate, and on a daily basis, only 35% of teens socialize with others outside of school. (www.pewinternet.org)

“It is easier to build strong children than to repair broken men.”
~ Frederick Douglas
Benefits of Volunteering
Junior Achievement provides a number of ways to volunteer. From the classroom program where a volunteer makes multiple short visits to the one programs where the volunteer spends most of day in a school. All of these opportunities provide benefits to you and your company. Here are a few:

- Builds leadership skills and self-confidence.
- Helps employees refine their presentation skills.
- Improves time management and organization.
- Develops communication and public speaking skills.
- Builds morale in the workplace.
- Expands employees’ awareness of local education and their community.
- Reinforces a positive image within the community.
- Allows your company to have a direct impact on local education.
- Shapes the future workforce by preparing students for the real world.
- Demonstrates your company’s mission and shows students what your company does.

Encourage your employees to become involved! You will be impressed by the impact JA has – not only on the students, but also on your employees!

Classroom Programs
JA Classroom Programs are the foundation of its K-12 curricula. The elementary programs consist of six sequential themes and work to change students’ lives by helping them understand business and economics.

The majority of our classroom programs take place in the elementary grades. There are limited numbers of classroom programs in the Middle School and High School grades. Each elementary program consists of five 30-50 minute visits.
JA BizTown

JA BizTown is an 8,000 square foot mini-city where students experience how the “real world” works.

Each day JA BizTown opens its doors, 5th or 6th grade students become JA BizTown “citizens” for the day where they work in one of 14 businesses, manage their personal and business finances, develop and sell products, hold business meetings, pay taxes and donate to charity.

Over 9,000 students will participate in the JA BizTown program this school year. Schools are able to recruit the volunteers for their BizTown day; however, a number of schools need additional business volunteers.
YES! (Your Economic Success)

YES! is a day-long program held at the middle school level. It consists of a series of activities designed to help students gain an appreciation for the importance that career and financial decisions will play in their lives as young adults.

This program is intended to include all 6th, 7th and 8th grade students in a building. The synergy of making the program a day-long effort with every student participating creates a level of energy in the building that adds to the overall impact.

Each of the programs consists of six activities. Each activity is approximately 45 minutes. The students will rotate through the six activities during the day. The volunteer remains in the classroom and teaches the same activity six times. At the completion of the day, all students will go to the auditorium for the final wrap up and grand finale.

A schedule of YES! Program events is available on our website or by contacting our office.

“I enjoy participating in the JA in a Day [YES!] because I prepare one lesson. I have the opportunity to become an "expert" on one subject and share the exciting activities with a great group of students.”

~ Beth Holtz, volunteer

Volunteer Opportunities
STEM Summit

Each STEM Summit day needs approximately 35 business volunteers to include 3 career panelists and other individuals to assist with the competitions and experiments. This totals over 1,800 volunteers for the school year. This is a full day assignment beginning at 8 AM and running until about 2 PM.

A schedule of STEM Summit dates is available on our website or by contacting our office.

The STEM Summit is a day-long program held at a high school consisting of nine thirty-minute sessions. The fast pace and constant motion help create an atmosphere of excitement and energy. The goal of the STEM Summit is to inspire students to pursue an academic STEM focus in the remainder of their high school courses to help prepare them for STEM careers in the future. After the completion of the Summit, guidance counselors have a foundation to work with students on appropriate school course work.

Volunteer Needs:

▲ Career Panelists - Each volunteer has a specific STEM career and is able to share their background with the students. The goal of the career panel is for students to find the presenters interesting, engaging, and inspiring; props are encouraged. The emphasis is on the presenter’s career journey and how they chose their career. They will spend about 7 minutes nine different times telling small groups of students about their career journey and answering questions as time allows.

▲ Competition Assistants – Competitions are activities were students work in teams to complete an assignment. Some are scored and some are timed. Prizes are given to the winning team at the end of the day. There are typically four competitions: Robotics, Math, Relay, and a Trades competition.

▲ Experiment Facilitators - Experiments give students an opportunity to be hands-on with science. There are three sets of experiments: Physics, Chemistry, Biology, and Computer Coding.
Volunteer Opportunities

REAL Life

The REAL Life financial literacy forum is a day-long program held at local high schools. It consists of a series of activities intended to help students gain an appreciation for the importance that financial decisions will play in their lives as young adults.

The program involves up to 40 business volunteers who work with the students during the day. Each volunteer is able to share their background with the students. This is a full day project, running from approximately 8:00 AM until 2:00 PM.

A schedule of REAL Life events is available on our website or by contacting our office.

Volunteer Needs Per Event:

▲ Budget Builder – 15-25 volunteers (depending on class size) to each lead a group of up to six students through a series of budget decisions based on a unique life scenario that they are assigned. The financial advisor’s guide provides questions to help create group discussion.

▲ Insurance Jeopardy – 2 volunteers help facilitate this game that focuses on auto, health, life, and liability insurances. The game board is on a large TV screen, and the volunteers act as moderators. There is time to comment on insurance concepts between questions.

▲ Financial Games – 2 volunteers to lead Wheel of Misfortune and Financial Feud. Based on the TV shows, these games introduce various financial terms and topics in a fun and engaging way.

▲ Price is Wrong – 5 volunteers to facilitate an activity where students guess the costs of common household supplies and are challenged to assemble a professional outfit on a tight budget.
EITC

The Educational Improvement Tax Credit program (EITC) provides companies with a tax credit for donations to a nonprofit scholarship, pre-K, or educational improvement organizations. For a one-year commitment, a 75% tax credit is given up to $750,000 per taxable year. The tax credit increases to 90% if the company commits to making the same donations for two consecutive years, up to $300,000 in tax credit annually.

Businesses authorized to do business in Pennsylvania who are subject to one or more of the following taxes are eligible to apply:

- Corporate Net Income Tax
- Capital Stock Franchise Tax
- Bank and Trust Company Shares Tax
- Title Insurance Companies Shares Tax
- Insurance Premiums Tax
- Mutual Thrift Institution Tax
- Insurance Company Law of 1921
- Personal Income Tax of S corporation shareholders or Partnership partners

Applications are reviewed annually by the Department of Community and Economic Development (DCED). First year applications must be submitted online at www.newpa.org on July 1st. Second year applications are accepted from May 15th to June 30th.

To support Junior Achievement, apply using the EIO (Educational Improvement) application.

JA is a perfect fit for your company’s EITC support!

1. JA is the essence of educational improvement
   As defined by DCED, an EIO must be a nonprofit organization that provides innovative educational programs to schools. The sole focus of JA is providing programs to enhance students’ education – that’s what JA does all day, every day!

2. JA provides the best ROI per student
   More than 80% of JA’s $2 million budget directly supports educational programs for 100,000 local students.

3. JA is an investment in your future employees
   JA programs help prepare young people for the real world. In a few years, these same students will be employees in your company, residents in your neighborhood, and leaders in your community. Help JA inspire and prepare them now!
Funding Opportunities

STEM Summit/STEAM in BizTown

Supporting JA’s STEAM Initiative includes recognition in both JA BizTown’s STEAM Career Exploration for fifth and sixth grade students and the STEM Summit for high school students. Both programs engage students in hands-on experiences to inspire students to want to learn more about science, technology, engineering, and math.

JA BizTown will reach approximately 9,000 students with STEAM education, and the STEM Summit will reach approximately 12,000 students this school year.

▲ STEAM/STEM Sponsorship - $25,000 and up
Special recognition in JA BizTown and logo on all STEM Summit & JA BizTown STEAM materials

▲ STEAM/STEM Sponsorship - $10,000
Logo in JA BizTown and logo on all STEM Summit materials & JA BizTown STEAM materials

▲ STEAM/STEM Sponsorship - $5,000
Logo on all STEM Summit materials & JA BizTown STEAM materials

▲ STEAM/STEM Sponsorship - $1,000
Company name listed on STEM Summit materials & JA BizTown STEAM materials.
Funding Opportunities

REAL Life

Support JA’s largest financial literacy effort for high school students – REAL Life. The program provides students with true-to-life, engaging financial education. **REAL Life will reach approximately 10,000 high school students this school year.**

- **REAL Life Sponsorship - $25,000 and up**
  Special recognition at program events and logo on all REAL Life materials

- **REAL Life Sponsorship - $10,000**
  Logo on all REAL Life materials

- **REAL Life Sponsorship - $5,000**
  Logo on all REAL Life brochures

- **REAL Life Sponsorship - $1,000**
  Name on REAL Life brochures
JA BizTown Sponsors

JA BizTown is the elementary capstone program for 5th or 6th grade students. This learning laboratory housed inside the JA Office showcases 14 businesses. After comprehensive in-class lessons, students travel to JA BizTown to assume roles as citizens in a town and workers in a community. This experiential learning program brings the real world to life for students and inspires them to think about their futures.

▲ Exclusive BizTown Sponsor - $50,000/year
   Sponsor logo on doors to JA BizTown.

▲ Exclusive Shop Sponsor / Street Sign Sponsor - $25,000/year
   Sponsor logo sign in business

▲ Shop Sponsor - $5,000
   Sponsor sign in business
YES! Program

Becoming a YES! (Your Economic Success) sponsor will help ensure that 6th, 7th & 8th grade students have the skills they need to begin thinking about financial and career decisions. The program starts students on the right path by inspiring them to appreciate the value of education and the importance of identifying education and career goals.

With every student in the middle grades building participating, the synergy of this daylong program creates a level of energy that adds to the overall impact.

At the end of the day, students participate in a grand finale in the school’s auditorium. Each grade level has a “final exam” with eight to ten students participating. Questions in the exam relate to material covered throughout the day.

▲ YES! Program Sponsorship - $25,000 and up
   Special recognition at program events and logo on YES! Program materials

▲ YES! Program Sponsorship - $10,000
   Logo on YES! Program materials

▲ YES! Program Sponsorship - $5,000
   Logo on YES! Program materials

▲ YES! Program Sponsorship - $1,000
   Name on YES! Program materials
Classroom Programs

Junior Achievement’s Classroom Programs are the foundation of its K-12 curricula. Students learn the basic concepts of business, economics and the relevance of education to the workplace. The sequential activities build on studies from each preceding grade and prepare students for secondary school and lifelong learning.

Volunteers are provided a kit that contains all the materials needed to present their program. Each kit costs $100.00. You can support our Classroom Programs by making a donation.

- $100.00 – Purchase 1 classroom kit
- $1,000.00 – Purchase 10 classroom kits
- $5,000.00 – Purchase 50 classroom kits
JA Symposium

The Young Men’s Futures Symposium and the Young Women’s Futures Symposium are both one-day events. The program is a workshop of mentoring, motivation, and opportunity for high school sophomores and juniors. Participants are students nominated by their schools.

A typical Symposium includes presentations and speakers, mentoring sessions, and activities that help students gain personal and career success skills. Throughout the year, Symposiums held throughout South Central PA benefit over 1,000 students. This program offered at no cost to attending schools. Therefore, volunteers in Pennsylvania and financial supporters from the local community are vital.

Company Bowling Challenge

**Company Bowling Challenge:**
This event is a great way for your company to gather socially while supporting Junior Achievement financially. The idea is for your company to create a *“JA Bowliathon Day”*. We will work with you in choosing a convenient Bowling date and location. Each Bowling team is comprised of 4 bowlers and is asked to raise a minimum of $100 per bowler. We use the on-line fundraising program Q-GIV, which makes it super simple for bowlers to ask for financial support.

There are a range of strategies to use in financially supporting the teams.

1. Your company may sponsor teams by providing the $400 fee per team.
2. Your company can agree to donate a portion of the funding challenge for each bowler and expect them to raise the remainder.
3. Your company can encourage bowlers to raise the money themselves.

Regardless of your funding model, we ask each bowler to sign up individually on Q-GIV to raise funds for JA. Prizes will be awarded to the bowler who raises the most money for JA!

Each bowler receives two games of bowling, shoe rental, t-shirt, drink coupons, pizza and free raffle tickets.

*Gain company visibility without a large financial commitment!*
*Perfect team building opportunity!*
Special Events

Brews Around Town

Junior Achievement of South Central Pennsylvania
Saturday, September 28, 2019
6:00 PM to 9:00 PM
610 South George Street York, Pennsylvania

STEM Corporate Challenge

There are lots of special events in the community: 5k runs, golf tournaments... you name it. But here’s a chance to show off your competitive juices with science, technology, engineering, and math.

The STEM Corporate Challenge will be held in three locations in May and June. Up to 25 teams will compete at each event to take home the annual trophy. A team will consist of five business colleagues. You will participate in five timed competitions. Referees will officiate the modules and scores will be tracked. Total scores will determine winning teams.

Team Registration- $500 per team

Your company can register teams of five associates for $500 per team. Each team will participate in five competitions during the event. Total scores will be kept and a trophy will be presented to the winning team.

Event Sponsor- $5,000 per event

Your company can be an event sponsor for $5,000. This provides you with two teams at no fee and recognition as the main sponsor of the day. Events are planned for Lancaster, Harrisburg, and York.

Module Sponsor- $1,000 per event

Your company can be a sponsor of one of the five competitions for $1,000 per event. $3,000 covers module sponsorship for all three events.

Five Funding Opportunities: Civil Engineering, Electrical, Math, Relay, and Robotics

For more information, please contact Kim Zech at 717-843-8028 / kzech@jascpa.org
Online Giving – QGive

Now more than ever we need your support in order to provide these essential programs. You have the ability to help educate the students who will become our future workforce and citizens in our community.

Junior Achievement is a 501(c)(3) charitable organization, to which contributions are tax-deductible to the extent permitted by law. Junior Achievement meets all Standards in Philanthropy, as detailed by the National Charities Information Bureau.

You can help us reach more kids with the exciting messages of free enterprise and opportunity.

Donate online to Junior Achievement!
JA participates in an online giving program through Qgiv.

You can access this link by going to www.jascpa.org and selecting “Donors” on top tab and then clicking “Donate Now”.

Text 2 Give

You can utilize text to give by simply typing Give2JA to 52182. The text message will prompt you thru completing some basic information (name, email address) and then ask for your credit card information. The process takes less than a couple of minutes.
Extra Ordinary Give – November

Extra Ordinary Give is a one day personal giving event held in November which is hosted by the Lancaster Community Foundation. The giving is leveraged by a stretch pool of matching funds donated by the foundation and other partners. This typically amounts to an addition 5 to 10% match.

Give Local York - May

Give Local York is new to York County. The event is held on the first Friday in May and is hosted by the York Federal Fellows Alumni Association. Give Local York is a 24-hour online community-giving event that raises essential dollars for the vital work of hundreds of nonprofit organizations in our region.
In-Kind Support

In-Kind Support

In-Kind support can come in many shapes and sizes to include printing and photocopying, donations of items that can be used in the auction at the wine event, or supplies such as chemicals to help with the STEM initiative and other JA programs.

Craft Beer and Wine Event Auctions
JA is always in search of a variety of items for the silent and live auctions held at the craft brew event in the fall and the wine event in the spring. Items have included jewelry, sports memorabilia, gift certificates for various restaurants or services, tickets to sporting or cultural events, artwork, fine wine, and vacation homes. The fair market value of each item donated is tax-deductible, and JA will provide a receipt.

Printing & photocopying
JA programs require a substantial amount of printed materials. These range in quality from professionally-printed invitations and programs to black & white photocopies for the REAL Life and STEM Summit. Donations of copy paper and/or offers to print some of these materials are greatly appreciated and directly save money, allowing JA to redirect those funds to other programs.

Supplies
Donations of computers, monitors, and other equipment are also a big help for use in JA BizTown. Further, the STEM Summit and REAL Life programs both require many consumable materials including various chemicals, latex gloves, etc. Finally, door prizes needed for the bowling events and can be any small item or gift card in the $10-15 price range.

Wine Event Silent Auction

Chemical experiment at the STEM Summit
Donor Recognition

One of the challenges is trying to recognize donors equitably based on the size of their gift and their donor intent. To help us develop a more consistent approach, we have developed the following guidelines.

There are three factors built into the basic approach:

1. **Donor Intent**: This typically focuses on a type of program; i.e. BizTown, STEM Summit, Symposium. If a donor has a single focus then the recognition sizing would take place within that one program. If the donor does not have a specific intent, then we need to find ways to recognize them equitably.

2. **Size of Gift/Gifts**: The amount of recognition tied to the size of their annual contribution. If a company/foundation provides a large gift, then multiple recognitions are appropriate, unless they have single focus.

3. **Special event sponsorships** are a completely separate category. However, in looking at total annual giving this can be included in their recognition efforts.

**Basic Recognition Guideline:**
The listing and use of a company logo for recognition will follow the Recognition Levels guideline below:

- **Size of Logo**: There will be three sizes of logos: small, medium, and large.

**Concept of Exclusivity**: When a donor makes a gift of $25,000 or more and we chose to recognize them in one program, we often create an exclusive sponsorship. This means that for that shop or module we will not recognize another donor. Using the Bank in BizTown as an example, Peoples Bank is the exclusive sponsor of the Bank. We may have other sponsorships in the bank, but not the Bank itself (i.e., Savings Officer Position sponsorship).

**Recognition Levels:**
- Gifts under $1,000 recognized as contributors in annual report and hallway; but not recognized in brochures, website, or signage.
- Gifts of $1,000 to $4,999 recognized in program (1 program per $1,000) with the name of the donor. No logo.
- Gifts of $5,000 to $9,999 recognized in one program with a company logo. A small size logo on the recognition board.
- Gifts of $10,000 to $14,999 recognized in one of two ways: a medium size logo in one program, or two or three small logos on selected programs. (1 program per $5k)
- Gifts of $15,000 to $29,999 recognized in one of two ways: a large size logo in one program, or three to five small logos on selected programs. (1 program per $5k)
- Gifts above $30,000 need to have strategic thought put into their recognition. It should be lengthy and well thought out.
Donor Recognition

Donations of $5,000 and up receive the following: (logo size depends on amount)

- Brochure recognition
- JA website recognition
- Recognition on JA Wall of Fame in JA office
- Recognition on Event Sponsorship sign at schools
- Recognition in the JA Annual Report
- Social Media recognition: FB, Twitter & Instagram
- Check presentation at company’s request

Junior Achievement makes every effort to work with a company on the recognition they would like to receive as long as it is consistent with being fair to other donors. The following is an example of how use of logo’s works:

Facebook

Twitter
