

Career Exploration Job Aide

With O*Net Interest Profiler

Welcome to your personalized career exploration journey! The O*NET Interest Profiler can help you find out what your interests are and how they relate to the world of work. You can find out what you like to do. The O*NET Interest Profiler helps you decide what kinds of careers you might want to explore. The following steps will launch you on a self-directed search of your occupational and vocational interests, then guide you through an exploration of jobs and careers that you would find satisfying and challenging. Along the way you will learn about training and education required for different jobs, the salaries of those jobs, and finally, the economic outlook for employees who choose different jobs.

1. To begin the O*NET Interest Profiler, enter <https://www.mynextmove.org/explore/ip> into your web browser.
2. On the home page, click on the NEXT button in the lower right corner of the box, to start your interest questionnaire.
3. On each screen, click the NEXT button at the bottom to continue. You can use the BACK button at the bottom to re-read the instructions or change your answers.

After finishing the questionnaire, you will be given the opportunity to explore different jobs and careers that are matched to your personal profile. Be sure to select the Job Zones button to ask about the level of training required for different jobs. The Careers button will show you jobs that are in high demand and jobs that offer apprenticeships. Have fun and explore your potential future!
