A Correlation between
Common Core State Standards,
Arkansas Social Studies Standards,
and
Junior Achievement Capstone Programs
Overview

The following correlation demonstrates the knowledge and skills that students are introduced to in Junior Achievement Capstone Programs. The correlation is not meant to be exhaustive, nor is it intended to infer that any one resource will completely address any given standard. It is designed to show how JA BizTown® and JA Finance Park® will enhance or complement efforts to meet educational standards.

JA BizTown helps to prepare students for a lifetime of learning and academic achievement through daily lessons, hands-on activities, and active participation in a simulated community designed to support different learning styles. JA BizTown students develop a strong understanding of the relationship between what they learn in school and successful participation in the economy.

JA BizTown encompasses important elements of work readiness, entrepreneurship, and financial literacy, and provides students with a solid foundation of business, economics, and free enterprise education. The program content augments students’ core curriculum in social studies, English Language Arts, and mathematics. Throughout the program, students use critical-thinking skills to learn about key concepts as they explore and enhance their understanding of free enterprise. JA BizTown is correlated in this document to the Arkansas Social Studies Curriculum Framework for the elementary grades (4, 5, and 6).

JA Finance Park helps students build a foundation on which they can make intelligent financial decisions that last a lifetime, including decisions related to income, expenses, savings, and credit. JA Finance Park lessons provide a highly relevant learning opportunity in which students apply English Language Arts and mathematical skills to solve problems arising in everyday life. The lessons also address fundamental business and economic concepts, explore career interests and opportunities, and develop work-readiness skills.

The JA Finance Park program consists of 13 required teacher-taught, in-class lessons. It culminates in a hands-on budgeting simulation that is implemented either at a JA Finance Park facility, mobile unit, or virtual site. Additional extension activities are available for each lesson topic. Lessons are offered in a traditional classroom presentation format designed for middle-grade students, and in a Project-Based Learning (PBL) format created for high school students. Both formats provide educators a method of delivery that will best meet the needs of their students.

| **Unit 1: Financial Literacy** | **Objectives:** The students will:  
- Extrapolate services offered by financial institutions.  
- Complete a bank account application.  
- Demonstrate an ability to endorse a paycheck.  
- Complete a deposit ticket.  
- Maintain a check register correctly.  
- Describe the consequences of insufficient funds.  
- Write and sign checks.  
- State the benefit of an interest-earning savings account.  
- Explain how money in a savings account grows.  
- Explore the differences between checks, debit cards, and credit cards.  
- Explain how money changes hands when a debit card is used.  
- Demonstrate use of a check register to record a debit purchase.  

**Concepts:** Financial institutions, check register, goods and services, payment methods  

**Skills:** Critical thinking, reading for information, reasoning, research, math computation, active listening, collaboration, interrogative questioning, visual interpretation, oral and written communication | Grade 4 R.4.1-2 RI.4.3 RI.4.4 RI.4.5 RI.4.7 WI.4.4 SL.4.1-3 SL.4.4 L.4.1-4 L.4.6 | Grade 4 4.NBT.2 4.NBT.3 4.NBT.4 | Grade 5 5.NBT.5 5.NBT.7 | Grade 6 6.NS.3 6.EE.6.2 | Grade 4 E.4.1 E.6.4.1 E.6.4.2 Grade 5 E.6.5.2 Grade 6 E.6.6.2 |

| Unit 2: Community and Economy | Objectives:  
The students will:  
- Define various vocabulary terms.  
- Explain how good citizens have a sense of responsibility to others and to their community.  
- Identify goods, services, and resources (human, natural, and capital).  
- Demonstrate the circular flow of an economy.  
- Discover the function of businesses in producing goods and services.  
- Define scarcity and learn more about free enterprise.  
- Identify the three basic economic questions (what, how, and for whom to produce).  
- Understand why people pay taxes.  
- Define gross pay and net pay.  
- Calculate tax by multiplying with decimals.  
- Differentiate between public goods and services and private goods and services.  
- Give examples of philanthropy.  | Grade 4

Citizens prepare for their visit to *JA BizTown* by working in business teams to learn about key factors in operating a business, such as teamwork, operation costs, pricing, and advertising.
## JA BizTown

### Unit 5: Visit and Debrief

Citizens participate in the *JA BizTown* simulation and then return to class for a debriefing lesson to ensure they have a well-rounded learning experience. The debrief lesson allows citizens to reflect on their *JA BizTown* experience and further identify the relevance of classroom learning to their future plans and goals.

#### Objectives:
The students will:
- Function in their job capacity at *JA BizTown*.
- Manage their personal finances and time.
- Carry out responsibilities of citizenship, such as voting and obeying laws.
- Evaluate team performance at *JA BizTown*.
- Explain the circular flow of economic activity.
- Describe how citizens use financial institutions.
- Describe how citizens work within a quality business.

#### Concepts: Business management, economics, free enterprise, performance evaluation

#### Skills: Self-direction, planning, self-discipline, adaptability, initiative, interpersonal communication, math computation, teamwork, self-reflection, self-expression, recalling and presenting relevant information

## Unit 1: Income

**Objectives:**
- The students will:
  - Rate their interests, abilities, and values.
  - Determine work preferences and match them to career choices.
  - Define taxes and explain their purpose and impact on income.
  - Figure net monthly income.

**Concepts:** Career, goals, government, income, values, salary, taxes, wages

**Skills:** Active listening, critical thinking and reasoning, collaboration, employing valid research strategies, information literacy, invention, self-knowledge and self-reflection, math computation, reading, speaking and listening, using technology to enhance productivity

## Unit 2: Saving, Investing, and Risk Management

**Objectives:**
- The students will:
  - Identify the benefits of saving a portion of income for future use.
  - Explain short- and long-term saving options.
  - Explain some of the advantages and disadvantages of various saving and investing options.
  - Assess personal risk and risk management.

**Concepts:** Benefits, goals, interest, saving, savings, investment, opportunity cost, risk

**Skills:** Active listening, brainstorming, comparing, critical thinking and reasoning, collaboration, decision making, following directions, information literacy, math computation, reading for information, self-direction, speaking and listening, teamwork, summary writing

| **Unit 1: Income**  
Students recognize the fundamental role of income in their personal finances and the factors that affect income and take-home pay. Through Project Based Learning (PBL) students understand how the decisions they make about education and careers have an impact on their potential income and quality of life. | **Objectives:**  
The students will:  
- Tell the difference between abilities, interests, work preferences, and values.  
- Identify career interests and goals as a way to earn future income.  
- Interpret sources of income  
- Calculate net monthly income, income tax, Social Security and Medicare. | **Grades 9-10**

**Skills:** Active listening, critical thinking and reasoning, collaboration, employing valid research strategies, information literacy, invention, self-knowledge and self-reflection, math computation, reading, speaking and listening, using technology to enhance productivity |  |  |  |  |
| **Unit 2: Saving, Investing and Risk Management**  
Students explore savings and compare investments as part of their overall financial planning. They also examine risk and how insurance may help protect savings from both planned and unplanned events. | **Objectives:**  
The students will:  
- Identify the benefits of saving a portion of income for future use.  
- Explain short- and long-term saving options.  
- Explain some of the advantages and disadvantages of savings options and investment vehicles.  
- Assess personal risk and risk management. | **Grades 9-10**

| **Unit 3: Debit and Credit**  
Students compare financial institutions and their services, examine the value of credit scores, and interpret the effect of credit worthiness. | **Objectives:**  
The students will:  
- Describe the types of financial institutions and the services they provide.  
- Examine debit and credit cards and their uses.  
- Identify the advantages and disadvantages related to credit and debit cards.  
- Give examples of the best ways to build credit.  
- Demonstrate why credit scores are important  
**Concepts:** Banking, credit, credit reports, credit score, debit, debt, deposit insurance, financial responsibility, identity theft, interest, loans, payment methods

| **Unit 4: Budget+**  
Students set financial goals, experience budgeting, and compare sample budgets before they are confronted with the financial responsibilities of being an adult. In each of the PBL lessons, integration of technology is essential. During the final lesson, students explain the value of planning their spending and maintaining a balanced budget. | **Objectives:**  
The students will:  
- Categorize their spending by needs and wants.  
- Determine which categories belong in a budget.  
- Distinguish between different kinds of budgets.  
- Prepare a budget using goals and income.  
**Concepts:** Wants and needs, goal setting, impulse buying, budgets, categorizing spending

# JA Finance Park PBL

## Unit Description
Students participate in the JA Finance Park simulation. They put into action all they have learned in the classroom by making important spending decisions and maintaining a balanced budget. Students also use the knowledge and skills gained in this program to create a Portfolio and a Presentation that answer the following driving question: What do I need to do today to accomplish what I want in the future?

## Key Learning Objectives
**Objectives:**
The students will:
- Create a family budget using hypothetical life situations.
- Make saving and investment decisions.
- Reflect on their simulation experience.
- Demonstrate understanding of the importance of making smart financial decisions now that will last throughout their lifetimes.
- Articulate thoughts and ideas effectively using oral, written, and nonverbal communication skills in a variety of forms and contexts
- Demonstrate originality and creativity
- Build confidence, self-esteem, and teamwork skills.

**Concepts:** Budget, expenses, income, needs, savings, taxes, wages, wants

**Skills:** Active listening, critical thinking, interpersonal communication, math computation, self-reflection, teamwork
