A Correlation:
South Dakota Academic Standards
and
Junior Achievement
Middle School Programs

Updated March 2018
Entrepreneurship
Personal Finance
Employability

Junior Achievement USA®
One Education Way
Colorado Springs, CO 80906
Overview

Junior Achievement programs offer a multidisciplinary approach that connects learning across social studies disciplines, such as economics, geography, history, government, and civics, while incorporating mathematical concepts and reasoning and language arts skills.

In this document, Junior Achievement programs are correlated to the South Dakota Content Standards for Social Studies, the CTE Foundation Standards for Employability and Personal Finance as well as Entrepreneurship, and the Common Core Standards for English Language Arts (ELA) and Math.

Often, Extended Learning Opportunities within the curriculum directly support an academic standard. When indicated, the letters ELO will appear superscripted next to the standard.

This list is not meant to be exhaustive or intended to suggest that a JA program will completely address any given standard, but is designed to show how it can enhance or complement efforts to do so. The flexibility of the programs and supplementary materials allow specific content or skills to be addressed in depth by the teacher and/or business volunteer as needed.

JA Middle Grades Programs

JA Economics for Success® provides practical information about personal finance and the importance of identifying education and career goals based on a student’s skills, interests, and values.

JA Global Marketplace® Blended Model introduces students to the global marketplace and the ways in which countries buy and sell from each other. Through completion of this program, students will gain an understanding of the role of producers and consumers in the interconnected global market.

JA It’s My Business!® encompasses entrepreneurship curriculum for students in grades six, seven, and eight. Students are encouraged to use critical thinking to learn entrepreneurial skills that support a positive attitude as they explore and enhance their career aspirations.

JA It’s My Business® Blended Model provides middle school students an opportunity to experience the initial steps necessary to start a business. New program content provides an authentic entrepreneurial experience for students, with each session building up to a product-pitch competition.

JA It’s My Future® provides practical information about preparing for the working world while still in middle school.

JA It’s My Future® Blended Model offers middle school students practical information to help prepare them for the working world. Students develop the personal-branding and job-hunting skills needed to earn a job.

</tr>
<tr>
<td><strong>Objectives:</strong>&lt;br&gt;The students will be able to:&lt;br&gt;- Identify business-related, cultural differences throughout the world&lt;br&gt;- Explain the need for international businesses to take into account their customers’ cultural differences in order to provide for the customer and make a profit&lt;br&gt;- Identify cultural differences throughout the world that affect social interaction and communication</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
## Session Three: Global Trade

Students learn that businesses trade in order to obtain products and services that customers want or need. Students will learn about imports and exports, examine the ways technology has improved international trade, and participate in a global trade game.

**Objectives:**

The students will be able to:
- Identify reasons why countries trade
- Demonstrate that countries benefit more from trade than from trying to meet all their own needs
- Apply key terms related to trade.
- Describe how improvements in technology can influence international trade

### Social Studies

- **Grade 6**
  - RI.6.4
  - W.6.4
  - SL.6.1-2
  - SL.4
  - L.6.1-6

- **Grade 7**
  - RI.7.4
  - W.7.4
  - SL.7.1-2
  - SL.7.4
  - L.7.1-6

- **Grade 8**
  - RI.8.4
  - W.8.4
  - SL.8.1-2
  - SL.8.4
  - L.8.1-4
  - L.8.6

### Mathematical Practices
- **Grade 6**
  - 2-3
  - 6-7

## Session Four: Why Countries Specialize

Students learn that modern countries cannot provide all the products and services that their people want and need. Therefore, businesses in different countries specialize by focusing their efforts on specific resources or producing smaller parts of a product. Students look at examples of specialized global manufacturing, discuss how it affects trade, and consider the trade-offs of interdependence.

**Objectives:**

The students will be able to:
- Define specialization
- Analyze examples of international trade to explain why modern countries cannot provide for all of their wants and needs
- Show how events and decisions in one country have a causal relationship with, and produce an effect on, customers in another country

### Social Studies

- **Grade 6**
  - RI.6.1
  - RI.6.4
  - RI.6.7
  - SL.6.1-2
  - L.6.1
  - L.6.3-4
  - L.6.6

- **Grade 7**
  - RI.7.1
  - RI.7.4
  - SL.7.1-2
  - L.7.1
  - L.7.3-4
  - L.7.6

- **Grade 8**
  - RI.8.1
  - RI.6.4
  - SL.8.1-2
  - L.8.1
  - L.8.3-4
  - L.8.6

### Mathematical Practices
- **Grade 6**
  - 6.NSA.3
  - 6.RP.3

- **Grade 7**
  - 7.RP.2
  - 7.NS.3

- **Grade 8**
  - 6.NSA.3
  - 6.RP.3

- **Grade 7**
  - 2-3
  - 4-7
### Session Five: Trade Barriers

**Students** explore the types of restrictions that governments place on international trade. They learn about tariffs, quotas, subsidies, and standards and how these barriers affect governments, businesses, and customers.

**Objectives:**
The students will be able to:
- Identify examples of trade barriers
- Analyze the consequences of trade barriers on businesses, employees, and customers
- Explain why balance of trade matters to businesses, customers, and employees

**Social Studies**
7.E.4.3 Describe the role of trade barriers and agreements in the global economy.
K-12.E.4 Students will explain how different economic systems coordinate and facilitate the exchange, production, distribution, and consumption of goods and services.

<table>

<td>RI.8.4</td>
<td>W.8.4</td>
<td>SL.8.1-2</td>
<td>L.8.1-6</td>
</tr>
</tbody>
</table>

**Mathematical Practices**
2-3

### Session Six: Currency

**Students** explore the concept of international currencies. They learn about variable exchange rates, currency converters, and how to compare the prices of products from around the world.

**Objectives:**
The students will be able to:
- Define currency and exchange rate
- Recognize that different countries have different forms of currency
- Recognize that each currency has a different value, which is determined through a variable exchange rate

**Social Studies**
7.E.3.1 Describe the relationship between government and economic systems in different countries.

<td>SL.8.1-2</td>
<td>L.8.1</td>
<td>L.8.3-6</td>
</tr>
</tbody>
</table>

**Mathematical Practices**
1-7

### Session Seven: Global Workforce

**Students** take on the role of international business owners reviewing the skills and experience of potential employees.

**Objectives:**
The students will be able to:
- Describe how businesses are able to use modern technology and communication tools to locate highly qualified employees at the most advantageous wages
- Express specific steps that would need to be taken to obtain work in another country
- Recognize the value of a second language for future job opportunities

**Social Studies**
7.G.3.2 Describe how cultural patterns, including but not limited to economic and political decisions, influence environments and the daily lives of people in both nearby and distant places.
7.E.4.2 Describe how technology affects the economic development of places and regions.

| Session Six: Celebrate Entrepreneurs!| **Objectives:**                                                                          |                 |                  | 1.2 1.3                    |
| Students identify their entrepreneurial characteristics. | - The students will:
|                                      |  ▪ Identify characteristics they share with entrepreneurs
|                                      |                                           |                 |                  |                            |
### Session One: Entrepreneurs

Students learn about the relationship between entrepreneurs, their businesses, and the products and services they offer, and then take an entrepreneurial characteristics inventory to assess their own entrepreneurial skills and interests.

**Objectives:**
- Define entrepreneurship and social entrepreneurship
- Describe the relationship between a business and its products and service
- Identify entrepreneurial characteristics and recognize them, in varying degrees, in themselves

<table>

### Session Two: Market and Need

Students are introduced to young entrepreneurs who have successfully met an identified market need, and then created a new product to meet the need. Students work in groups to brainstorm current needs within different product categories.

**Objectives:**
- Define market and need
- Explain the importance of identifying market and need when developing new product or service ideas

### Session Three: Innovative Ideas

Students learn about innovative idea generation, and examine cutting-edge products. Working in groups, students brainstorm their own product ideas and use graphic organizers to capture them.

**Objectives:**
- Explain innovation and recognize it as a necessary entrepreneurial skill when starting a business
- Participate in creative idea generation, from brainstorming to defending and selecting an idea

### Session One: My Brand
Students learn that they have their own personal brand and that the brand they build today will reflect on them in the future. They examine well-known logos to learn how individuals and companies create their brands and build their reputations. They assess their personal characteristics to define their own brands and then develop logos to represent themselves.

**Objectives:**
The students will be able to:
- Describe the elements of a brand
- Recognize the ability of personal branding to build a positive reputation, for their personal life as well as for their future career
- Design a logo that expresses their personal brand

### Session Two: Career Paths and Clusters
Students are introduced to the 16 career clusters and the pathways through them. They take a career interest survey and learn about potential jobs within their preferred clusters. They then share job information with other members of the class and discuss the importance of all jobs within a community.

**Objectives:**
The students will be able to:
- Define careers cluster.
- Identify jobs in specific career clusters to explore further
- Recognize the interconnectivity and value of all types of jobs

### Session Three: High-Growth Careers
Students learn about the importance of being aware of which fields are growing and which are declining when making decisions about their own careers. They play a game that introduces information about high-growth job fields.

**Objectives:**
The students will be able to:
- Identify specific careers that are forecast to have high-growth rates
- Consider a variety of factors when selecting a career
