A Correlation:
Florida Academic Standards and
Junior Achievement
Middle School Programs

Updated July 2018
Florida Social Studies
Florida English Language Arts and Mathematics
CTE General Standards

Junior Achievement USA®
One Education Way
Colorado Springs, CO 80906
Overview

Junior Achievement programs offer a multidisciplinary approach that connects learning across social studies disciplines, such as economics, geography, history, government, and civics, while incorporating mathematical concepts and reasoning and language arts skills.

In this document, Junior Achievement programs are correlated to the Florida Academic Standards for Social Studies, the Personal Financial Literacy Expectations, and the CTE general standards, as well as Florida English Language Arts and Mathematics. This list is not meant to be exhaustive or intended to suggest that a JA program will completely address any given standard, but is designed to show how it can enhance or complement efforts to do so. The flexibility of the programs and supplementary materials allow specific content or skills to be addressed in depth by the teacher and/or business volunteer as needed. When Extended Learning Opportunities within the curriculum directly support an academic standard it is indicated by the letters ELO superscripted next to the standard.

JA Middle Grades Programs

JA Economics for Success® provides practical information about personal finance and the importance of identifying education and career goals based on a student’s skills, interests, and values.

JA Global Marketplace® Blended Model introduces students to the global marketplace and the ways in which countries buy and sell from each other. Through completion of this program, students will gain an understanding of the role of producers and consumers in the interconnected global market.

JA It’s My Business® encompasses entrepreneurship curriculum for students in grades six, seven, and eight. Students are encouraged to use critical thinking to learn entrepreneurial skills that support a positive attitude as they explore and enhance their career aspirations.

JA It’s My Business® Blended Model provides middle school students an opportunity to experience the initial steps necessary to start a business. New program content provides an authentic entrepreneurial experience for students, with each session building up to a product-pitch competition.

JA It’s My Future® provides practical information about preparing for the working world while still in middle school.

JA It’s My Future® Blended Model offers middle school students practical information to help prepare them for the working world. Students develop the personal-branding and job-hunting skills needed to earn a job.

</tr>
</tbody>
</table>
### Session Three: Global Trade

Students learn that businesses trade in order to obtain products and services that customers want or need. Students will learn about imports and exports, examine the ways technology has improved international trade, and participate in a global trade game.

**Objectives:**
The students will be able to:
- Identify reasons why countries trade
- Demonstrate that countries benefit more from trade than from trying to meet all their own needs
- Apply key terms related to trade.
- Describe how improvements in technology can influence international trade

**Academic Standards:**
- SS.6.G.2.1 Explain how major physical characteristics, natural resources, climate, and absolute and relative locations have influenced settlement, interactions, and the economies of ancient civilizations of the world.
- SS.8.E.3.1 Evaluate domestic and international interdependence.

### Session Four: Why Countries Specialize

Students learn that modern countries cannot provide all the products and services that their people want and need. Therefore, businesses in different countries specialize by focusing their efforts on specific resources or producing smaller parts of a product. Students look at examples of specialized global manufacturing, discuss how it affects trade, and consider the trade-offs of interdependence.

**Objectives:**
The students will be able to:
- Define specialization
- Analyze examples of international trade to explain why modern countries cannot provide for all of their wants and needs
- Show how events and decisions in one country have a causal relationship with, and produce an effect on, customers in another country

**Academic Standards:**
- SS.6.G.2.1 Explain how major physical characteristics, natural resources, climate, and absolute and relative locations have influenced settlement, interactions, and the economies of ancient civilizations of the world.
- SS.8.G.2.2 Use geographic terms and tools to analyze case studies of regional issues in different parts [of the United States] that have had critical economic, physical, or political ramifications.
- SS.8.E.3.1 Evaluate domestic and international interdependence.

</tbody>
</table>

**Objectives: Trade Barriers**

- The students will be able to:
  - Identify examples of trade barriers
  - Analyze the consequences of trade barriers on businesses, employees, and customers
  - Explain why balance of trade matters to businesses, customers, and employees

**Objectives: Currency**

- Define currency and exchange rate
- Recognize that different countries have different forms of currency
- Recognize that each currency has a different value, which is determined through a variable exchange rate

**Objectives: Global Workforce**

- Describe how businesses are able to use modern technology and communication tools to locate highly qualified employees at the most advantageous wages
- Express specific steps that would need to be taken to obtain work in another country
- Recognize the value of a second language for future job opportunities

## JA It’s My Future Blended Model

### Session Details | Academic Standards | Florida ELA
---|---|---

### Session Four: Career Mapping
Students see how early experiences can build transferable skills that contribute to future job success. They look at the lives of celebrities, focusing on the life experiences that led to their success. They learn about career maps by examining a sample and then create their own.

**Objectives:**
- The students will be able to:
  - Identify jobs in specific career clusters that they would like to explore further
  - Plan significant milestones they need to reach to earn a particular job

- CTE-GEN.68.GENRL.02.04 Identify and utilize the planning process.
- CTE-GEN.68.GENRL.09.08 Demonstrate verbal and non-verbal communication skills.
- CTE-GEN.68.GENRL.13.03 Identify goal setting tools including a self-inventory and interest survey.

### Session Five: On the Hunt
Students are introduced to the basics of looking, applying, and interviewing for a job. They learn the fundamentals of creating a resume and engage in a simulation in which they identify appropriate skills for various jobs and decide on where to highlight those skills on a resume.

**Objectives:**
- The students will be able to:
  - Recognize basic job-hunting techniques, including looking for a job, applying, interviewing, and listing references
  - Recognize the importance of personal presentation and making a good impression, on paper and in person.
  - Recognize the basic construction of a resume and skills that should be highlighted on a resume.

- CTE-GEN.68.GENRL.06.04 Demonstrate confidence in leadership roles and organizational responsibilities.
- CTE-GEN.68.GENRL.07.03 Apply technical writing skills.
- CTE-GEN.68.GENRL.09.12 Demonstrate communication skills that promote positive relationships in the workplace.
- CTE-GEN.68.GENRL.09.09 Demonstrate the ability to function as an effective team member.

### Session Six: Soft Skills
Students learn about the differences between technical and soft skills and why both are essential for keeping a job. Students will also complete a soft skills self-evaluation to determine which skills they already have and which they can work toward. Finally, they will role-play situations that require strong soft skills.

**Objectives:**
- The students will be able to:
  - Define and differentiate between technical skills and soft skills
  - Identify specific soft skills they already possess and those they need to improve

- CTE-GEN.68.GENRL.04.03 Develop human relationship skills such as a positive work ethic, positive attitudes towards others, and manners in the workplace.
- CTE-GEN.68.GENRL.09.27 Practice appropriate written and verbal communication necessary for the workplace.
- CTE-GEN.68.GENRL.09.15 Identify employability skills necessary to obtain a job.
- CTE-GEN.68.GENRL.12.02 Demonstrate examples of verbal and non-verbal communication.
- CTE-GEN.68.GENRL.17.01 Identify personal talents and abilities that can contribute to positive self-esteem and success in the workplace
