

Paige Elder: Owner, Buzz N' B's Pet Shop

Paige Elder has been an employee of Buzz N' B's Pet Shop since 2011. In early 2019, she purchased the business from the original owners. She works there full-time while her husband, a fireman for the City of Erie, works there part-time. She is a huge animal lover and proud to offer the area a full-line, locally owned and operated pet shop that specializes in exotic animals.

Precautions and safety measures have been put in place and the store has remained open during Covid. She's grateful to have been able to keep local people employed and keep customers supplied with their pet needs during these difficult times. She was also excited to offer gift card giveaways for other local businesses in the area to help their business and brighten people's days!

With her and her husband's full house of four dogs, eight birds, and a large aquarium, there's no shortage of animals to love!
