

CEW – Student Evidence

JA BizTown -

**Standard: 13.1.5.E
13.1.8.E**

Name: _____ **Date:** _____

Today we talked about how education affects the salary paid for different jobs. What did you learn and how will it help you as you think about the type of job and career that you want to pursue?

EDUCATION PAYS OFF

Name _____

Using the information in the chart, create a line graph in two different colors that shows the average earnings per hour of STEM and non-STEM employees.

	STEM wage per hour	Non-STEM wage per hour
High school diploma	\$24.82	\$15.55
Associate degree	\$26.63	\$19.02
Bachelor's degree	\$35.81	\$28.27
Graduate degree	\$40.69	\$36.22
