JA BizTown Virtual Summer Camp!

Rising Grades 5-8

June 7-9, 2021, 9:00am-12:00pm

In this Traditional JA BizTown Virtual, students work collaboratively for three days in our JA BizTown Virtual Shops to develop a Virtual Marketplace, an eCommerce representation of the community economy. Students interview and apply for jobs, secure a business loan, learn how to market their business' goods and services in the virtual marketplace, manage their personal finances, and strive to pay off their loan and contribute to their community's well being through taxes, philanthropy, and voting. Citizens experience the full JA BizTown Virtual with expanded opportunities to innovate products, services, and ways to attract new customers.

JA Finance Park Virtual Camp

Rising Grades 7-12

June 21-24, 2021, 9:00am-12:00pm

This four-day camp is perfect for teens getting ready to manage their own money, job, and entry into higher education and the workforce. Using our JA Finance Park Virtual Advanced blended curriculum and simulation, campers will learn about personal finance and career pathing. Topics include income and deductions, budgeting, credit management, investing, career clusters, and insurance. Curriculum is capped by a four-part life simulation, taking campers through life stages of Teen, Young Adult, Working Adult, and Adult Nearing Retirement, to explore how careers and income impact a lifetime of personal financial stability and growth.

JA Bitsy Entrepreneur Camp

Rising Grades 5-8

June 28-30, 2021, 9:00am-12:00pm

This online camp is perfect for kids with an entrepreneurial spirit! Over the course of three days, campers will conceive of and develop a product they will sell in our online small business store (think "Etsy") called JA Bitsy! From the start of an idea through budgeting, product design, manufacturing, and branding, students will use their creativity and resourcefulness to produce and sell their products to their fellow JA BizTown Camp Citizens.
