Enrolling my student in the homeschool virtual learning experience:

1. **Curriculum followed by virtual simulation will be available online this year.**
2. Curriculum choices include:
 - JA Finance Park® Entry Program (middle school) - student self-guided*
 - Introduction to budgeting and personal finance
 - Interactive screencasts, video and fillable PDF activities
 - Student self-paced and each one averages five to ten minutes in length
 - NEW JA Finance Park® Advanced (high school) – blended model provides students a more personal focus on financial planning and career exploration*
 - Study of financial literacy concepts that enable students to plan for their financial future
 - 8 required sessions, 22 optional extension activities
3. **JA Finance Park® Virtual Simulation** (Initial Release)- fully redeveloped, brand-new! A hands-on, online budgeting simulation that offers **two implementation options**: Entry Level (geared toward middle school) and Advanced Level (geared toward high school). Follows curriculum.
4. Following registration, families will receive step by step instructions for enrolling in curriculum and simulation.

*digital device and access to the Internet required
