

JA VIRTUAL PROGRAMS

Let's Connect

Supporting your classroom and keeping your students connected!

You've been working in over drive to make sure your students are prepared to learn virtually. At JA, we see you! We appreciate you and your hard work. To support you, and your students, we're providing you with access to JA's free programming, virtually! With our fully customized Google Sites, you will have full virtual access to 7 of our programs and our Google Certified for Education staff for troubleshooting.

Virtual Programming that is...

Adaptable

Share the site with your students for self-guided completion or walk your students through each lesson for whole-class engagement. Pre-recorded volunteer videos assist you with content knowledge and expertise.

Accessible

No new logins or passwords. To access the site, simply click the link provided by a JA staff member. Easily integrate with Google Classroom or use as a stand-alone resource.

Achievable

Every site has easy-to-understand modules and guides that take you through each program step-by-step. Receive quick and easy analytics for activity completion for each lesson.
