

Bonita Morgan
Senior Supplier Quality Engineer
General Motors Rochester NY Operations

What inspired you to volunteer for JA?

"The inspiration is based on the opportunity to serve in the community, to stay in touch with the students, and to have a positive influence on students by teaching valuable skills that JA offers."

What is your favorite JA event and/or story?

"One event of many is seeing students who had been labeled as "hard to teach or challenging" to grasp the JA materials, look forward to coming to the program, and participate fully. It warmed my heart to know that the JA program helped them in a practical way and gave them confidence in themselves."

What keeps you involved?

"My continual involvement is because of the students, the professional JA staff, and the well-developed JA program materials. All of these allow me to be a blessing and be blessed by the students as we engage with JA. JA volunteering benefits me as much as the students who participate. Thankfully, I have wonderful employers, manager, Thomas Cavaliere, and supervisor, Thomas Eisele at General Motors, Rochester New York Operations, who support me in all my endeavors. The support of my employers through the years serving with JA has been valuable and paramount in my ability to keep volunteering."
