

Innovation JAm²⁰¹⁹

Thursday, December 5, 2019
Schneider National | 3101 Packerland Drive
7:45 am - 2:30 pm

In Partnership with:

Innovation JAm is for high school students who are interested in a career in technology or business.

- Learn about careers in business, technology, and logistics.
- Develop leadership, innovation, collaboration and entrepreneurial skills.
- Add this real-world business experience to your resume and/or college applications.

At this day-long event you will work in small teams with your classmates utilizing Design Thinking to help solve a real-world business problems involving technologies like Geofencing, Blockchain, Marketplace's, App Development, and more. You will have access to SCHNEIDER and IBM business and technology professionals throughout the day as you prepare for a final presentation to a panel of organizational leaders. Awards and recognition will be given to top performing teams.

Availability is limited!
