Junior Achievement® of Washington Southeastern Region

100 YEARS. 100% READY.™

ANNUAL UPDATE 2018-2019
A MESSAGE FROM OUR LEADERSHIP

This year, Junior Achievement USA® is celebrating its Centennial. That means 100 years of providing experiential learning that teaches young people to own their success and embrace their future. JA’s pillar of Financial Literacy encourages financial freedom, Entrepreneurship empowers students to take control of their future and our Work Readiness pillar guides young people to a rewarding career.

While we honor JA’s first 100 years, we are also looking forward – ensuring that the young people we reach are 100% ready for life and work. This preparedness not only benefits the student, but also our community and the world.

We are grateful for our generous partners, volunteer mentors and JA role models who help us inspire over 11,000 students every year in our region; and nearly 70,000 statewide, through experiential in-school programs and hands-on experiences, such as JA Capstone or a JA Job Shadow®. We welcome the opportunity to continue working together to empower generations to come – for the next 100 years.

Thank you. We can’t do what we do without you.

GET INVOLVED

DONOR

You or your corporation can support the growing need for youth development by helping today’s students with the critical skills and character necessary to succeed in the 21st Century workplace.

VOLUNTEER

By volunteering for JA, you can share your real-world experiences while delivering JA’s relevant, experiential programs to inspire young people to pursue their dreams.

EDUCATOR

Quality volunteers from the community come into your classroom to deliver proven, hands-on programming that inspires students to understand the opportunities provided by education.

Our experiential programs foster a student’s confidence, knowledge, and determination to thrive in our ever-changing economy; building a better future for themselves, their careers, and our community.

**JA MORE THAN MONEY®**
Introduces students to financial literacy and entrepreneurship, and to social studies learning objectives that include money-management skills, goods and services, and global markets.

**JA ECONOMICS FOR SUCCESS®**
Gives students the information needed to build strong personal finances, a cornerstone to a happy, secure life. Students learn the importance of exploring career options based on their skills, interests and values.

**JA JOB SHADOW®**
Enables community volunteers to reveal their authentic, real-world experiences by bringing a group of students on-site to a company where they can get the perspective of a professional and diverse work environment.

**JA PERSONAL FINANCE®**
Explores the fundamental elements of personal finances: earnings, saving and investing, budgeting, credit, risk management and giving. Students apply these elements to a personal financial plan.

**JA ECONOMICS®**
Students explore the basic characteristics of the U.S. economic system. It also introduces students to consumer issues, such as saving, investing, and taxation.

**ELEMENTARY SCHOOL**
Gain a preliminary understanding of the role of money in our economy
Learn the basic principles of spending and saving
Introduce various careers as a means to earn

**MIDDLE SCHOOL**
Understand the role of education in improving career opportunities and earning power
Learn about spending money within a budget
Explore important financial concepts such as investing, saving, taxes and credit

**HIGH SCHOOL**
Experience the relationship between today’s financial decisions and future financial freedom
Deepen understanding of economic concepts
Explore entrepreneurship as a viable earning strategy
**WHY JA?**

- **57%**
  - Of children live in **POVERTY** or a low income household with an income less than $46,000 for a family of four.

- **1/3**
  - Household in the United States have **$0 NET WORTH**

- **21.3%**
  - Of households in the United States **DO NOT** have **SUFFICIENT NET WORTH** to support themselves at the poverty level for three months.

- **28%**
  - Of Americans have **NOTHING** in their savings account.

- **46%**
  - Of adults **cannot** cover **AN EMERGENCY EXPENSE OF $400** without selling something or borrowing money.

**RESEARCH SHOWS THAT JA WORKS. JA STUDENTS:**

- Finish high school at a rate of 93% and are 30% more likely to have a college degree.

- Secure employment at a higher rate than their peers.

- Earn 20% more than the general population and are more likely to be better off than their parents.

- Incur less debt than their peers and take care of their financial futures.

- Are socially mobile, with more than 60% of alumni shifting from low-income areas in their youth to middle- and high-income areas in adulthood.

- Are more optimistic about achieving future success and have a positive view of the American economic system.

*JA Volunteer*

“With JA, you’re helping students understand concepts that may not be brought up at home. It’s a great opportunity to interact with the kids and show them how financial concepts relate to communities, counties, states and the global economy. Students realize that society is much bigger than me, my house, my block and my corner.”
